

Audio Media Group Ltd – Diversity & Inclusion Policy

Here at Audio Media Group, we believe our success and future success of the company depends on a culture that values diversity and inclusion.

Bringing diverse talent together not only allows us to be creative and strategic in the market, but it is vital to our business continuing to be successful.

Statement of policy

The terms equality, inclusion, and diversity are at the heart of this policy. We give everyone the same opportunities to fulfill their potential free from discrimination, also known as equality. Ensuring everyone feels comfortable being themselves at work and feels worth of their contribution is important at Audio Media Group, also known as inclusion. Audio Media Group will actively support diversity and inclusion where the celebration of individual differences amongst the workforce is at the forefront, ensuring that all our company employees are valued and treated with dignity and respect. We want to encourage everyone from any background in our business to reach their potential.

We recognise that discrimination is unacceptable and although equality of opportunity has been a really important element of our employment practices, we have decided to do a formal policy. Breaches of this policy will lead to disciplinary proceedings, and if appropriate, action will be taken which could include dismissal of employment.
